

Maths

Daily 5

- $12 + 7 = \square$
- $18 - 6 = \square$
- $\square = 8 + 9$
- $16 - 8 = \square$
- $\square = 7 + 4$

Addition and Subtraction 

Watch the 'how to multiply using an array' video by clicking [here](#).

Try this multiplication problem solving challenge.
Sometimes, Always or Never
 When you multiply any number by 2, the answer is even.

Make sure you try many different examples to prove your answer. Then explain why you think the answer is sometimes, always or never true.

Try this multiplication challenge.
 How many arrays can you make that would give the answer 20? Draw each array and write the number sentence that each array shows

Times Tables

Practise your two, five and ten times tables by playing the multiplication train game. You could choose to practise the 2 times table, 5 times table, 10 times table or a mixture of the 2,5 and 10 times tables. Try to challenge yourself. Click [here](#) to play.

English

Grammar

Can you sort these sentences into exclamations, questions, commands and statements?

- What a beautiful day it is!
- When is your birthday?
- I got a new bike for Christmas.
- Open the door.
- How old are you?
- Put your coat on.
- What big teeth you have grandma!
- It is very sunny today.

Writing Task - Setting description

Click [here](#) to see the picture of a setting. Using the picture, think of language that you could use to describe it. Try to think of adjectives, expanded noun phrases, verbs and adverbs. Once you have created a list of words, write a short paragraph to describe the picture using all of your ideas. Remember to use full sentences.

Spellings - suffixed words

- fastest
- smallest
- quickly
- suddenly
- colourful
- beautiful

Handwriting 

Practise forming your ascenders (t, l, k, h, f, d & b). They to make every letter look the same.

Project

Water

Water is a valuable resource. We use water everyday to complete many Important activities for our daily life.

- Complete your own water diary. Record each time you use water and how much you think you use. Think about...
 - o Drinking
 - o Cooking
 - o Washing
 - o Brushing your teeth
 - o Cleaning
 - o Going to the toilet
 - o Fun

Can you write some sentences to describe how you use water in your own home?

- What do you use water for the most in your home? How could you try to use less water at home? Why should we try to save water? Write a list of ideas for how you think you could save water. For example, you could turn the tap off when you are brushing your teeth.

Phonics

We add 'ed' to words to make them past tense. Using the rules for adding 'ed', change these words into the past tense. Which rule did you use? Why?

jump, hop, bake, love, drop, copy, walk & cry

Practise using all of your phonics sounds to spell the words represented by the pictures below.

Want to speak to us about your child?

For all contact around your child, please use our year group email address: year2@st-williams.norfolk.sch.uk This account is monitored at 9am and again at 4pm. Or give the office a call and we will get back to you as soon as possible.
