

RE:SET - Relationships Education: School's Equality Toolkit

St Williams's Primary School is proud to be working towards becoming a Healthy Relationships Champion Setting this year.

We've partnered up with Tender Education and Arts (www.tender.org.uk) to complete [RE:SET](http://www.tenderreset.org.uk); an online toolkit and whole school campaign to award our school for promoting a culture of healthy, equal and respectful relationships.

Our relationship with Tender extends back to 2020, as Year 5 and 6 have regularly taken part in projects. Our students covered topics like consent, boundaries, pressure and support, and the feedback from after these workshops has been incredibly positive.

Since September 2020, it is statutory for all schools to teach relationships education and it's a fantastic opportunity to acknowledge the incredible work we already do as well as ensuring the whole school community takes on the responsibility of preventing gender based violence and keeping our children safe, healthy and prepared for the modern world.

During this year, Tender will be delivering training, workshops and creative campaigns alongside our children and staff, as well as offering sessions to families and parents. We are excited to start this journey with the RE:SET team, and to see how it will benefit both our school culture and our children's futures.
